Best armchair

'Mute' by Mike and Maaïke for Council

Produced by start-up San Francisco furniture company Council, the 'Mute' armchair left us speechless in admiration when we spotted it at New York's ICFE.

Best sideboard

'Tactile' by Terence Woodgate for Puntmobles

Spanish company Puntmobles proves that you don't need to invest in gimmicks and showy design to win our praise. This sideboard is a simple, solid classic.

Best table lamp

'Leti' by Matteo Ragni for Danese Milano

A charming little lamp and a glowing example of this year's trend for lacquered metal.
